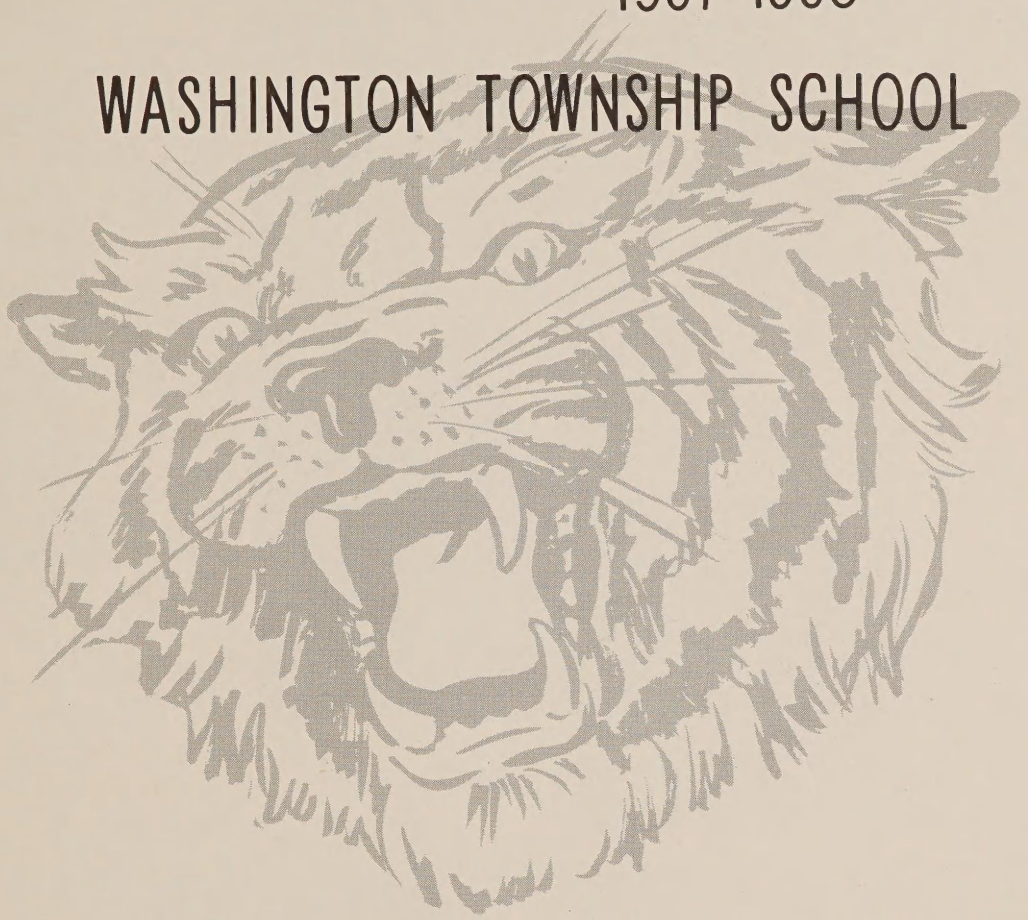
WASHINGTON TOWNSHIP SCHOOL



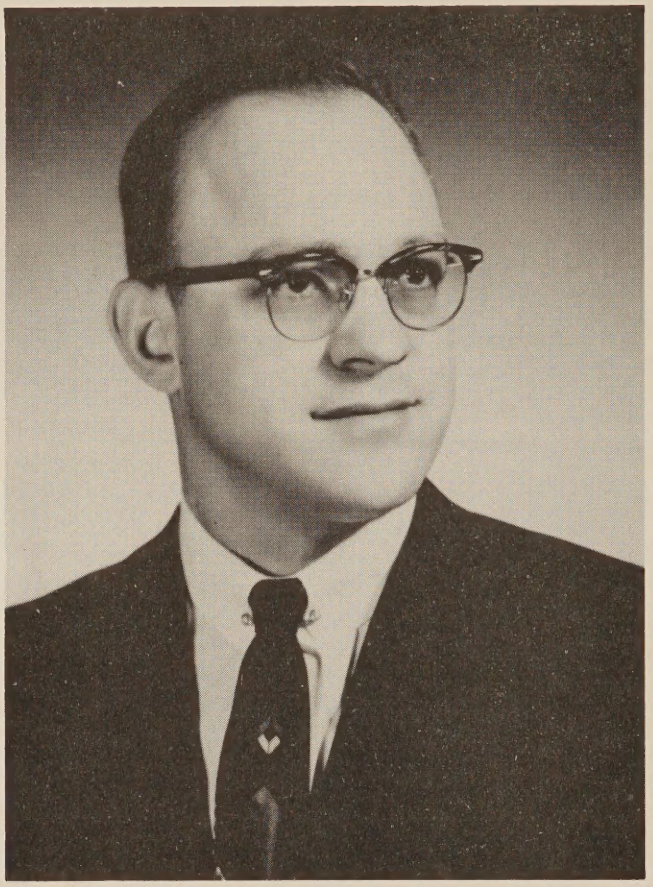
Published by the

Students and Faculty of

WASHINGTON TOWNSHIP SCHOOL

Fort Wayne

Indiana



MR. EUGENE E. KITT
Principal

Washington Township School is proud to present the 1958 edition of their annual yearbook. The contents of this yearbook reveal briefly some of the activities, events, personnel and happenings which are indicative of our growing school and the surrounding community.

We are faced with the tremendous responsibility of providing educational opportunities to boys and girls. It is hoped with each year of educational growth that we are more able to satisfy this requirement.

We have frequently used the theme this year "Schools Are Yours." This idea certainly involves all of us. The complete cooperation of all affiliated with Washington Township School has resulted in our having a school of which we can be proud. Certainly one of the most forward steps in the educational field this past year was the merger of St. Joseph and Washington Townships with the Fort Wayne Public Schools to form the new Fort Wayne Community Schools.

Growth and change will not cease with the merger mentioned, but we pledge ourselves to continue our efforts for the betterment of educational opportunities for boys and girls.
